

NONCES, ABUSERS, RAPISTS AND RAPE-APOLOGISTS IN THE FAR-RIGHT.

TRIGGER WARNING!

This article discusses issues such as racism, child abuse, rape, rape apology and domestic violence!

Nonces and the Far-Right

It goes without saying that anyone in their right mind will find abuse of any kind vile and disgusting, especially when it comes to kids. It will come as no surprise then that for most of us when we hear of abusers getting their comeuppance, we shed not a single tear and lose not a wink of sleep...or you would think most of us would anyway! Recently we have heard of horrible bastards in places like Rochdale and Oxford grooming and controlling children for their sick pleasures. As a result of this, we have seen members of Britain's far-right mount protests and spread their own particular vileness in an attempt to capitalise on this issue. But why is the far-right going hell for leather over this? Is it because the abusers are horrible wankers and the issue needs highlighting? No! Is it altruistic and are showing concern for the community and want to protect our young? No! Is it because the abusers in those two particular cases just happen to be Asian? Yes, it is! The media have also played their part in spreading racism around this issue with their emphasis on the abusers being Asian rather than just horrible, vile dick-heads.

Of course the issues of child grooming and other forms of abuse need highlighting and the fuckers responsible must not get away with it but what makes us think that the far-right are any different? What makes us think they are only exploiting the issue for their own ends and in reality could not give a shit? Well it is because they have only ever opened their mouths when the abusers have been non-white and have never spouted their bile when the victims have been non-white or when the abusers have been white. When the abusers are white or the victims of abuse are non-white, they fall strangely silent. A bit odd and a bit convenient don't you think? Well it is hardly surprising considering they are racists and xenophobes (People who have a fear/hatred of 'foreigners' and all things 'foreign'). We have seen any and every far-right nutter group out on the issue of 'Asian grooming gangs' from the British National Party and the National Front to the 'English Defence League', North-West Infidels and some members of the United Kingdom Independence Party (UKIP) (Mostly internet bollocks from the shits at UKIP), to name a few; opportunistically getting their slimy tentacles all over the issue for no other reason than to spread racial hatred. The problem with child abuse is not one of race and the far-right either do not realise that fact or choose not to realise it.

Where are their protests over the Jimmy Saville affair? Where were their protests over the Gary Glitter issue? Stuart Hall? The Pagan child sex gang recently discovered? Protests over child abuse in the Christian church? Protests over sexual abuse in Children's' care homes? Or the all-white, five member child grooming gang? Didn't notice any protests from the right? We didn't because such protests did not happen, they were nowhere to be seen, and their big mouths had fallen silent. Surely if they really did care about the welfare of children, wouldn't they protest these cases of abuse or at least speak out against them? Wouldn't they protest or speak out when those abused have been non-white or the abusers have been white?

Actually it is hardly surprising that they will fall silent on this issue given their own track record of child abuse. English Defence League member, Co-Founder and Organiser, **Richard**

Price, was convicted of possessing child pornography (Whilst active in the EDL) and sent to the nick. But what was the EDL's response? They branded him a "political prisoner". Stephen Lennon (Aka. Tommy Robinson) also said upon hearing of the arrest *"Richard Price had his house unfairly raided by West Midlands Police. They informed him that they had found five photographs of children on the computer. Price has no idea how they were on his computer"*. He said that price had been *"stitched up"*. Then there's **Martyn Gilleard**, another far-right nonce, who was found to have more than 39,000 images which included some in the most horrific category. Gilleard was a paid-up member of the National Front, White Nationalist Party (Now defunct so-called "political-wing" of the nazi cranks and fantasists Combat 18) and British People's Party.

Richard Price, the EDL nonce who aided Stephen Lennon in setting up the organization (EDL).

Martyn Gilleard playing dress-up (Left) and what he looks like without costume (Right)

Also there's none other than **Tommy Robinson**, co-founder and former co-leader of the English "Defence" League who was caught sleezing on a 15 year old girl online. Saying to the 15 year-old girl on social media website Twitter "your pretty fit for a muslim" to which the girl responded "I'm 15 and you got the cheek to call muslims paedo's". He realised that he had dropped himself in the shit, panicked and in a vain attempt to get himself out of the shit he went on to claim that the girl was not 15. This is in spite of her date of birth being clearly

visible on her profile. He even tripped himself up further by admitting his knowledge of her age (Albeit in a roundabout way) “how does it feel to be nearly twice the age aisha was when your prophet raped her”. He even told the girl to “stop flirting with me” and this was after she told him her age. He even got his admirers such as “EDL casual” and Twitter twat Becky Marsh to back him up in attacking the young girl.

(Stephen Lennon looking his usual noncey self)

It has not ended yet as there's the **3 English Defence League and Zulu Crew (A Birmingham football hooligan "firm") members** (Yet to be named) from Birmingham who were 'outed' as online child sex groomers [1] after hacktivists (Activist hackers) from Anonymous mounted a 'honey-trap' operation posing as 15 year-old girls online [2] to snare EDL members on Facebook. Their names are known to Anonymous (The hackers not the protest group) and EDL News, the initial publishers of the revelation. We call on Anonymous and/or EDL News to name the 3 horrible pricks involved (Although apparently their names are already out there on the web). One of the three was even the self-proclaimed "leader" of the EDL's "Birmingham Division". According to Anonymous he has been caught trying to arrange sex online with kids before. That same person even admitted to having sex with a 15 year-old when he was 21. He is quoted as saying on Facebook "fuck sake will u marry me I went with a 15 year old when I was 21". When approached for comment, the EDL tried to deny that they were ever members but when the news broke publically they hastily tried to cover it up by deleting posts with any mention of it. This is also on top of evidence to prove they are/were involved with the EDL. One of the 3 accused also claims to be the "leader" of the Zulu "firm". The following are screen shots of their conversations. First one we shall call "Man 1":

The EDL, instead of holding its hands up and admitting a nonce in their midst, denied their involvement in the EDL.

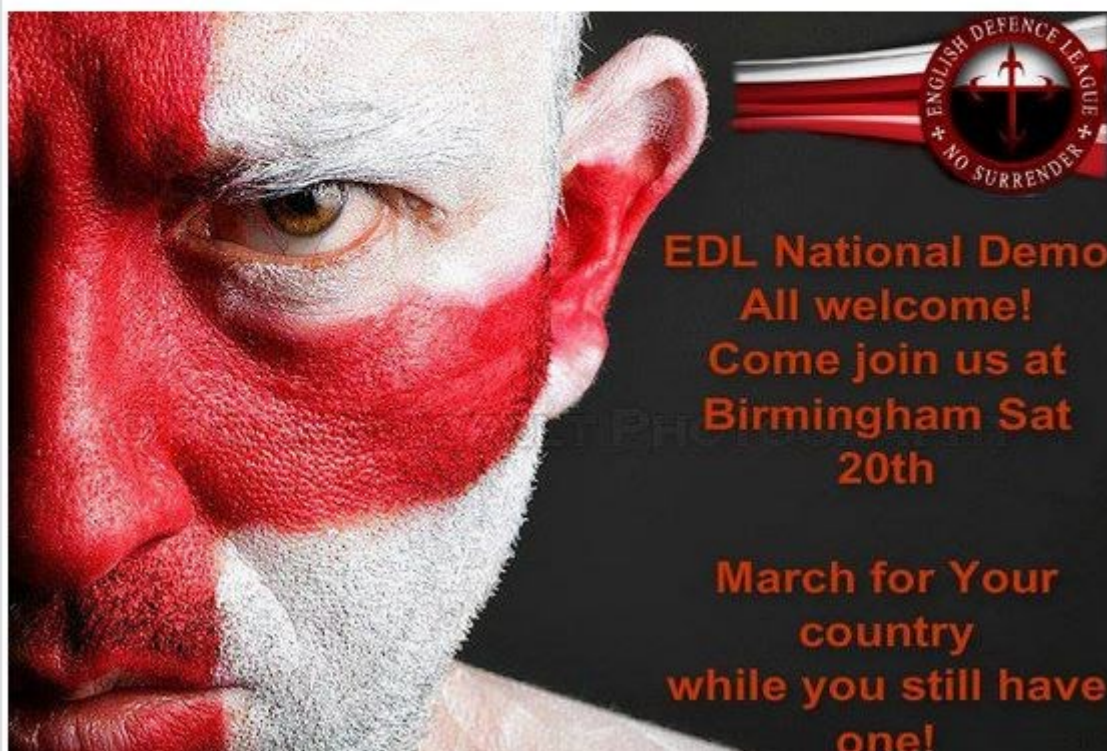

The following screenshot tells a different story as it shows the planned attendance at an EDL demo.

... shared EDL Durham County English Defence League's photo.

cannot wait bring it on edl 4 ever

Soon will be Saturday and the Birmingham demo..all welcome!.. come stand with us for the first time citizens be part of the EDL family and peacefully protest against Radical Islamic takeover of your country!

It does not end there, in 2013 EDL member, founder of the EDL's "Templar Church" (Fantasists pretending they are Templar Knights, even occasionally playing dress-up) and admin. of its Facebook group **Mark Sleman** aka. **Archie Sleman** aka. **Stuart Holmes**. This particularly vile creature kidnapped a 10 year-old girl from a house, took her to a caravan, sexually abused her, attempted to rape the girl, threatened her and then returned her to the address from which he kidnapped her. He received 7 years and 4 months as a result of this. Far from kicking him out as soon as this came to light, EDL members vowed to 'stand with him' (Sue Davis) and others told him "got ya back fella" (Dean Bean Hart) and "I truly believe in the saying let those without sin cast the first stone NSE" (Joan Brown). Another EDL member (Edlstansted Dean) dismissed the abuse as "bullshit", he went onto say "they will brother (Talking to another EDL member, Robert Watkins) we will make sure revenge is ours for upsetting my brother" (In response to his outing and spreading of the news). They even went onto acknowledge that he had not been kicked out by saying "Admin is taking a break" (Sleman being the Admin. of the "Templar Church" page)...not kicked out!

Also from the EDL is one **Matthew Woodward** was found to be a paedo when it had emerged that he had been found in possession of child abuse images and attempting to groom a 15-year old girl into taking pornographic pictures. Besides being a member of the EDL he was also a Divisional leader of the Combined Ex-Forces group (Probably never even been in the military like most of the arseholes in this group of “ex-servicemen”). In their truest tradition the EDL fell silent and refused to comment.

Matthew Woodward playing (Left) and him playing soldiers with his CxF mates (Right)

It’s not just modern times that the far-right has been riddled with nonces. Paedophilia and pederasty run deep within the history of the far-right. A prime example of this is the NSDAP’s (National “Socialist” [sic] Workers’ Party or more commonly “German nazi party”) **Ernst Rohm**. Ernest Rohm, a mate of one Adolf Hitler and leader of the SA (Brownshirts) was a known pederast (A nonce who prefers male children as opposed to female children or children of both sexes) who was known to take male children across to a private island in the

middle of a German lake on a rowing boat in order to fulfill his abuse of male children in private. Despite this, the Nazi party chose to turn a blind eye to his abuse. It does not just end here though, on the "Night of the Long Knives" Rohm was caught in bed with a 15 year old male.

Ernst Rohm (Above)

This does not just extend to the EDL but also to the National Front with Jason Owen, one of the killers in the infamous "Baby P" (Baby Peter) neglect, abuse and murder case being a member of the National Front. Owen went onto say "people need to get over it, worse shit has happened"...what a fucking scumbag! No condemnation or protests came from that group either.

Jason Owen (Above)

There is also a heavy and well documented presence of nonces in the once proud British National Party (BNP). This includes BNP supporter **Nigel Hesmondhalgh** from Hynburn, Lancashire being outed as a paedophile when he was found to have no fewer than 29 images of child abuse and 11 videos. Four of the images were graded at level 4 which is the second most serious category of child abuse imagery. He has also been done for harassing an Asian family. Where the BNP are concerned there is also **Darren Francis** who groomed

(Yes groomed!), had sex with, abused and harassed a 13 year old girl (Francis was in his mid-thirties). He had known her since she was 11 years old and so was basically perfectly aware of her age. From around late 2007 she began to go to his flat where there was drink and drugs which he would supply her with. This would consist of mainly cannabis but the young girl also mentioned cocaine. Francis would also use drink and drugs in the company of the young girl. She would visit his flat on an almost daily basis. Sometimes she would not even go home and when she did she was under the influence of alcohol and drugs. Almost 2 years later in the summer of 2009, she dumped him but he could not handle this and began to harass her. So, what was Francis' involvement with the BNP? Whilst the BNP deny that he was ever a member, there is plenty of evidence and people to say to the contrary. The man who has been described as "every parents' worst nightmare", has helped organise BNP attacks on Hope Not Hate leafleters.

Nigel Hesmondhalgh (Left) and Darren Francis (Right)

There is also **Ian Hindle** and **Andrew Wells**, two other BNP paedos. They both engaged in sexual activity with 14 year olds. They were both jailed for between 2-3 years. **Hindle**, had sex with the 14 year old whilst **Wells** admitted to engaging in sexual activity with a child and also engaging in sexual activity in the presence of a child. What even adds insult to injury with these two arse-holes is that they both appeared in an investigation by *The Times* newspaper on grooming of young girls for sex by horrible bastards who just happened to be South Asian in origin. I can smell hypocrisy and double-standards, can you?

Ian Hindle (Left) and Andrew

Wells (Right)

Get the picture yet? Well if not there is former BNP candidate in Coventry, **Roderick Rowley**. Rowley was outed as a nonce when he when he admitted 14 charges of making, distributing or possessing disgusting images of children. There's also former BNP organiser and candidate **Ian Si'Ree**. This nazi wanker was outed as a paedo when he was found to be possessing child pornography. He was found to be in possession of 138 vile images of children. Other images were also found that whilst not "illegal" certainly displayed a sexual interest in young girls. In 2001, Si'Ree was accused of raping and indecently assaulting a 14-

year old girl. He was also accused of sexual assault on a 12-year old girl. What was the BNP's response? They allowed him to stand as a Welsh Assembly candidate in 2011, parliamentary candidate in 2010 and a council candidate in 2008. His first standing for official office was at least some 7 years after allegations first came about in 2001. So not only do the BNP stay silent or not condemn their own nonces, they stand them for official public office.

Ian Si' Ree (Left) and Gavin Leist (Centre)

Then in the true far-right tradition of pederasty there's **Gavin Leist**. Leist from Charnwood, stood for the BNP in the county council elections and was a member of an online child abuse network. As part of this network Leist possessed and distributed child abuse images of boys under the age of 13. It emerged that he joined the online paedophile network where he exchanged e-mails and incited others to send e-mails to him. He sent e-mails containing pictures to 3 different users. When released on 19th June, with the BNP's public record of being such crusaders against "Asian grooming gangs", anyone would have thought they'd be the first to jump up and condemn paedos within their own ranks. In true far-right tradition they did not. In fact, what Coventry BNP organiser Mark Badrick did was contact him on Facebook and begin to chat with him in the same way any of us would chat to a mate we had not seen or heard of for a long time. Below is a Facebook screen print of their conversation:

The BNP and Rape

The far-right's endorsement of sexual abuse does not stop at paedophilia and pederasty, it includes vileness such as rape. This has been brought to the public's attention with a few cases of BNP members being revealed gang rapists and rape apologists. The first of these pricks is **Robert Bennett**, a convicted gang rapist who oversaw the BNP leafleting campaign in Oldham in 2002. His convictions were known to the BNP and despite this they welcomed him with open arms. He also

On top of the Robert Bennett case, the BNP's Nick Eriksen on 24th August 2005 when talking of rape, outrageously and disgustingly said that "I've never understood why so many men

have allowed themselves to be brainwashed by the feminazi myth machine into believing that rape is such a serious crime...

Rape is simply sex. Women enjoy sex, so rape cannot be such a terrible physical ordeal. To suggest that rape, when conducted without violence, is a serious crime is like suggesting force-feeding a woman chocolate cake is a heinous offence. A woman would be more inconvenienced by having her handbag snatched." The BNP's Deputy-Chairman, Simon Darby, claimed that the accusations made against Eriksen were a "smear" and that Eriksen's remarks had been "completely taken out of context".

Eriksen also said in a blog entry titled "Give her a slap!" (Dated 5th November 2005) that "Some women are like gongs they need to be struck regularly." Also on 24th November 2005 Eriksen wrote that mothers "should never go out and work" and described career women as "unnatural and vile".

Bullshit Stories

Welcoming paedophiles and rapists into the ranks of the far-right and staying silent, trying to cover up and attacking those online who bring far-right nonces to public light is not the only thing the far-right do. The far-right also actively invents rape stories. The most well-known of this is the Stephen Lennon (aka. Tommy Robinson) and Kevin Carroll (Both of the EDL) false rape story. What follows are screen shots of the claims:

Local media was scoured, parents and teachers were asked if this had taken place and no-one could find any evidence of this actually taking place. Also on top of that the EDL leaders claimed that it took place on school premises but no such incident was actually logged by police. Surely if this had actually taken place, especially with it apparently taking place in a school, the incident would have been logged with the police and staff and parents known about it? But no, no incident was logged by the police, no staff or parents knew about any such case taking place at any school in Luton. Lennon claims this came from "a reliable source" but this source was never made known to anyone and Lennon and Carroll made no attempts to justify their claims or rubbish accusations that it was a bare-faced lie. If he was receiving false rumours himself, once it was proven to be bullshit he did not come back and tell the public that was indeed the case.

Such an incident would have of course received some kind of reaction from the local populace but Lennon's claims of "Luton needs to brace itself" but did it? Did anyone in Luton hear about any such incident from anyone other than these two total fuckwits? No, no one did and these kind of rumours, whether right or wrong, usually spread like wild-fire around communities but the people of Luton were smarter than that and seen through their bullshit. This is despite Kevin Carroll claiming it to be "100% true".

Inventing such lies is a downright insult and smack in the face to anyone who has ever been the victim of sexual abuse. But these are people with absolutely no moral compass whatsoever and not content with exploiting sexual abuse for their own ends and sick games they have to invent entire stories of rape. If they lie about horrible things such as rape, what

else are they lying about?

The screenshot shows a Twitter thread with five tweets. The first tweet is from Tommy Robinson EDL (@EDLTrobinson) posted 22 hours ago, stating: "It's come from a good source . If its defo true Luton needs to brace itself". It has 19 retweets and 3 favorites. The second tweet is also from Tommy Robinson EDL (@EDLTrobinson) posted on 14 May, stating: "Had it confirmed little girl raped in School, more to follow". It has 9 retweets and 2 favorites. The third tweet is from Kevin Carroll (@EDLKevCarroll1) posted on 14 May, stating: "year 7 child gang raped in luton town school by moslems 100% true,the dirty horrible vile animals #farleyhillschool #lutonholdontoyourhat". The fourth tweet is from Kevin Carroll (@EDLKevCarroll1) posted on 15 May, stating: "lets see if luton towns media does a cover up job or trys to spin the story of the moslem gang rape of year 7 child in school toilets .". The fifth tweet is from Kevin Carroll (@EDLKevCarroll1) posted on 15 May, stating: "if a moslem child in year 7 was gang raped in a farley hill school toilets by non moslems the newspapers would not have enough ink #luton". The sixth tweet is from Kevin Carroll (@EDLKevCarroll1) posted on 15 May, stating: "luton towns medias silence onthe gangrape of a child whilst at school by moslems is outrageous as is that of luton borough councils #corrupt".

In Defence of the Christian Faith?

We'd like to think that the vast majority of Christians would be disgusted and horrified by nonces, rapists and other abusers. We constantly hear the EDL and other far-right groups bleat on about how they are some kind of defenders of the Christian faith (You know, that other religion from the Middle-East) etc. and hear them going on about how paedophilia is part of Islam and so on. We're not here to defend or bash either religion but when the EDL and other far-right groups claim to be some kind of crusaders in defence of Christianity, biblical reference needs to be scrutinised. Here are some quotes from the Bible:

"And the LORD spake unto Moses, saying, Avenge the children of Israel of the Midianites ... And they warred against the Midianites, as the LORD commanded Moses; and they slew all the males ... And the children of Israel took all the women of Midian captives, and their little ones ... And Moses was wroth with the officers ... And Moses said unto them, Have ye saved all the women alive? ... Now therefore kill every male among the little ones, and kill every woman that hath known man by lying with him. But all the women children, that have not known a man by lying with him, keep alive for yourselves." [Numbers 31:1-18](#)

“When thou comest nigh unto a city to fight against it ... And when the LORD thy God hath delivered it into thine hands, thou shalt smite every male thereof with the edge of the sword: But the women, and the little ones, and the cattle, and all that is in the city, even all the spoil thereof, shalt thou take unto thyself.” Deuteronomy 20:10-14

“How shall we do for wives for them that remain, seeing we have sworn by the LORD that we will not give them of our daughters to wives? ... And the congregation sent thither twelve thousand men of the valiantest, and commanded them, saying, Go and smite the inhabitants of Jabeshgilead with the edge of the sword, with the women and the children. And this is the thing that ye shall do, Ye shall utterly destroy every male, and every woman that hath lain by man. And they found among the inhabitants of Jabeshgilead four hundred young virgins, that had known no man by lying with any male: and they brought them unto the camp to Shiloh.” Judges 21:7-11

“Go and lie in wait in the vineyards; And see, and, behold, if the daughters of Shiloh come out to dance in dances, then come ye out of the vineyards, and catch you every man his wife of the daughters of Shiloh ... And the children of Benjamin did so, and took them wives, according to their number, of them that danced, whom they caught.” Judges 21:20-23

Apparently it's OK to sell your daughter (Although no mention is made of age):

“If a man sell his daughter to be a maidservant ... If she please not her master, who hath betrothed her to himself, then shall he let her be redeemed ... If he take him another wife; her food, her raiment, and her duty of marriage, shall he not diminish.” Exodus 21:7-10

No doubt that most Christians (As with most muslims, jews, hindus etc.), will find paedophilia, rape and other forms of child abuse to be abhorrent but when the far-right constantly go on about how Islam is inherently paedophilic and how they are 'defending the Christian faith', they are either being selective by ignoring such Biblical passages as what is written above or they have been as close to a Bible or a church as most of humanity has been to the moon! When this has been pointed out to them on the internet, they have quickly either said “you are misinterpreting it” (North-East EDL), ignoring it and saying nothing (Ronnie Wood, North-East EDL) or deleting it outright. So what is it going to be? Start holding Christianity up to the same standard as they hold Islam? Or are they going to stop conflating being a paedophile with following a religious faith? We sincerely hope it's the latter. Following the Islamic faith does not equate to being a nonce any more than being a follower of the Christian faith does. Paedophilia has little to nothing to do with following either faith, if you're a nonce, you're a nonce, simple and religion has fuck all to do with it!

People from the far-right have said “but they don't cover it up like the muzzies do” (A Durham EDL member on Facebook). Any examination of some of the church hierarchy and their efforts to cover up cases of child abuse in the church, by some members of the clergy, will prove otherwise. (For example, the Pope being complicit in covering up child sex abuse cases as reported by BBC's Panorama).

Rape is no joke!

North-East EDL's Ian Johnstone seems to think that the horrible ordeal that is rape is some kind of laughing matter. (Ian has also been seen hanging around with the North-East National Front)

As you have seen the far-right is riddled with paedophiles, child abusers, rapists and rape-apologists. When speaking out against such vile acts it should be up to us as a society to do

so and not up to hypocritical, ignorant, self-serving, exploitive far-right-wing opportunists who only do so in order to fulfill some kind of bigoted, racist agenda.

The far-right have been quick to make sweeping statements about “Muslim grooming gangs” and the like, branding ALL Muslims as groomers and paedophiles but whilst, with typical far-right double-standards and/or ignorance, choose to ignore or even cover-up nonces within their own ranks and even going as far as when caught out for being nonces, their fellow far-right loons don’t cut contact and condemn them, they stick-up for them claiming it to be some kind of fit-up or “smear”. They also seem to ignore cases in which the victims of abuse have been non-white or when the perpetrators of the abuse have been white. This smacks of double standards and can we really expect anything different from these right-wing loons? Not really as such behaviour has been consistent throughout the history of the right. Why do they choose to ignore or cover up nonces, abusers and rape-apologists within their own ranks or only when the abusers have been non-white or when the victims of such horror have been white? Well because they would soon find that people will realise exactly what they are, opportunists who don’t really give a shit about protecting kids and other vulnerable people from domestic and sexual violence. To be genuinely against such acts would require a sweeping condemnation of ALL such abusers regardless of whether or not they are white or non-white, Muslim or non-Muslim, British/English or non-British/English. This is clearly not what they want as it does not fit their racist agenda, the only agenda they are really interested in.

Child/domestic abuse and rape should not be exploited by anyone for their own ends, let alone a self-serving racist agenda with a thinly veiled disguise of “protecting our children”. It is a matter for society as a whole and only society as a whole to deal with; it’s got fuck-all to do with politics, religion, race etc.!
